VOTE FOR US ON JUNE 9!
“Putting You First”

ID'S PROMISES TO YOU

- We all agree that public transport is a waste of public money. If we win, we will reduce the price of petrol. Travelling by car will be cheaper than ever before.
- EGO wants to close many universities and colleges. ID will spend more on education if we win on June 9. If we don't win, millions of young people won't have the chance to have a good, free university education.
- We will lower taxes for small businesses. If we win, we will help to create thousands of new jobs for young people.
- Our country needs cheaper electricity to help the economy. We will build more power stations if we win.

EGO'S KEY PLANS

Universities are an expensive luxury. We will limit the number of free places for students at universities if we win.

Our environment is in danger. We promise to create more national parks to protect our country's wonderful wildlife. We will also increase the number of recycling schemes in our cities. If you vote for us, you will help to protect the environment for future generations.

Air pollution in our cities is a major problem. If EGO wins, we will spend more money on public transport – the key to cleaner air. We will also increase taxes on car owners.

TOGETHER WE CAN CHANGE THE COUNTRY FOR THE BETTER!
